## Responsible Minerals Initiative (“RMI”) Conflict Minerals Declaration

Dear Valued Business Partner,

Arrow Altech Distribution (Pty) Ltd trading as Altron Arrow is aware of, and complies with, the conflict minerals reporting obligations set forth in Section 1502 of the U.S. Dodd-Frank Wall Street Reform Act, Rule 13p-1 of the Securities and Exchange Act, and EU Directive 2017/821.

Altron Arrow recognizes its responsibility not to support or contribute to the violence and human rights violations associated with the mining of conflict minerals in the Democratic Republic of the Congo and surrounding countries. Arrow Electronics Inc, our Joint Venture, has established a policy statement to that effect, available at: <https://www.arrow.com/en/about-arrow/reporting-and-governance>.

Please note, since Altron Arrow is a distributor and not a component manufacturer, we do not maintain or provide conflict mineral information on any products that pass through our business. To obtain information for pass-through parts, you must contact the manufacturers directly. The part manufacturers are the only source of accurate information regarding substances and chemicals, including any conflict minerals, used in the manufacture of their products. Please also note we cannot certify the accuracy of any information provided by third parties.

For information on specific components, we suggest you contact SiliconExpert Technologies, a wholly owned subsidiary of Arrow. SiliconExpert works directly with component and product manufacturers to obtain Conflict Minerals data, as well as hazardous substance content.

Please contact [sales@siliconexpert.com](mailto:sales@siliconexpert.com) for more information.

We thank you for your continued support.

Sincerely,

**RDS Martins**  
MANAGING DIRECTOR
